

Pallas G. Kennedy

Educator · Curriculum Designer · Instructional Strategist
Coding.Teacher.AZ@proton.me · [LinkedIn Profile](#) · [Portfolio Webpage](#)

Educator and curriculum designer with interdisciplinary experience spanning physics, mathematics, computer science, and technical education. Work centers on mastery-based instructional systems, standards-aligned STEM curriculum design, faculty instructional support, and the development of structured, student-centered learning environments supporting secondary and postsecondary pathways.

01 Curriculum Design and Leadership

Standards-Aligned Software & App Development Curriculum 2025–2026

Designed and implemented a software and app development curriculum integrating asynchronous learning structures, differentiated pacing, hands-on technical projects, spiral review, and mastery-based assessments aligned to DOK and Bloom's frameworks. · East Valley Institute of Technology, Mesa AZ

Dual Enrollment Physics Course Redesign 2019–2020

Redesigned a secondary physics curriculum aligned to dual-enrollment College Physics competencies, including lectures, laboratories, assessments, and instructional materials. · New School for the Arts & Academics, Tempe AZ

Algebra II & Precalculus Curriculum 2018–2019

Developed and implemented Algebra II and Precalculus courses integrating asynchronous learning structures, differentiated pacing, spiral review, and vertically aligned assessments informed by DOK and Bloom's frameworks. · New School for the Arts & Academics, Tempe AZ

Grades 6–12 Mathematics Curriculum Architecture 2016–2019

Directed grades 6–12 mathematics curriculum alignment to Arizona State Standards through development of curriculum maps, scope and sequence frameworks, and vertically aligned learning progressions. · New School for the Arts & Academics, Tempe AZ

STEM Lead 2014–2019

Served as STEM Lead supporting interdisciplinary curriculum integration and cross-department instructional coherence. · New School for the Arts & Academics, Tempe AZ

Postsecondary Course Design 2009–2013

Designed mathematics, physics, and problem-solving curricula for adult learners in technical education environments, including lectures, projects, assessments, and instructional materials. · ITT Technical Institute, Phoenix AZ

Group-Based Recitation Design 2004–2006

Designed collaborative recitation sessions for university-level physics courses serving engineering students. · Arizona State University, Tempe AZ

02 Instructional Experience

Secondary Teacher — Software and App Development 2022–present

Design and deliver standards-aligned CTE curriculum in software and application development using mastery-based and asynchronous instructional structures. · East Valley Institute of Technology, Mesa AZ

Remote Learning Transition 2020–2021

Adapted existing asynchronous and mastery-based instructional systems for fully virtual mathematics and physics instruction during the COVID-19 transition to remote learning. · New School for the Arts & Academics, Tempe AZ

Secondary Teacher — Physics · Precalculus · Algebra II 2013–2022

Delivered secondary mathematics and physics instruction, including dual-enrollment-qualified Physics and Precalculus coursework through the Maricopa County Community College District.

· New School for the Arts & Academics, Tempe AZ

Adjunct Instructor — Mathematics, Physics, Electronics, Problem Solving 2009–2013

Delivered postsecondary instruction in mathematics, physics, electronics, problem solving, and technical professionalism for adult learners in technical education environments. · ITT Technical Institute, Phoenix AZ

Courses taught: College Mathematics I & II, Problem Solving, Physics, AC/DC Electronics, and Strategies for the Technical Professional.

Teaching Assistant — Physics 2005–2007

Served as teaching assistant for introductory and upper-division university physics and mathematical methods courses. · Arizona State University, Tempe AZ

Courses supported: Introduction to Physics, General Physics I & II, University Physics II: Electricity & Magnetism, and Mathematical Methods in Physics I & II.

Student Tutor — Mathematics 2002–2003

Provided mathematics tutoring support through Calculus II. · Mesa Community College, Mesa AZ

Volunteer Teaching Assistant — Algebra II 2001–2002 · MAA

Led small-group Algebra II and Advanced Geometry instruction for middle school students under supervision of the classroom teacher. · Mesa Arts Academy, Mesa AZ

03 *Faculty Development and Instructional Support*

Professional Development — CTE & CTSO 2022–2024

Completed professional development in CTSO engagement, Work-Based Learning, Differentiated Instruction, and Project-Based Learning. · East Valley Institute of Technology, Mesa AZ

Professional Development — Student Engagement & Curriculum Writing 2022

Participated in professional development focused on curriculum writing, industry advisory collaboration, student engagement, and instructional practices supporting career and technical education pathways. Attended the Arizona Career and Technical Education Conference (Summer 2022). · East Valley Institute of Technology, Mesa AZ

Professional Development — Student Support & Wellbeing 2020–2021

Completed training in Building Trauma-Sensitive Schools, Trauma Sensitivity, and Suicide Prevention. · New School for the Arts & Academics, Tempe AZ

Faculty Roundtables — Mental Health & Gender Identity 2018

Planned and facilitated a series of all-faculty roundtables on the impact of cell phone use on student mental health, depression, anxiety, and on Gender Identity/Dysmorphia and its impact on students. · New School for the Arts & Academics, Tempe AZ

Faculty Roundtables — Poverty, Classroom Management & Data-Driven Instruction 2017

Planned and facilitated a series of select-faculty roundtables on the impact of poverty in the classroom, classroom management. Led monthly professional development workshops supporting data-driven decision-making strategies. · New School for the Arts & Academics, Tempe AZ

Physics Modeling Workshops — Mechanics & Electricity and Magnetism 2013

Completed two 4-week courses on teaching physics through inquiry-based, research-supported Modeling Instruction methods emphasizing conceptual understanding, laboratory investigation, collaborative learning, and the development of scientific models · Arizona State University, Tempe AZ

Professional Development - EDU250 Teaching and Learning in the Community College Setting 2011

Completed a 16-week course on the design and practice of effective teaching and learning in the community college environment, with emphasis on instructional methods, student engagement, assessment, and the mission and culture of Maricopa community colleges. It is commonly required for dual-enrollment and adjunct instructors. · Rio Salado College, Tempe AZ

04 *Academic History*

Post-Baccalaureate Secondary Education Certification 2014

Rio Salado College · GPA 4.0 · summa cum laude

Master of Science in Physics 2008

Experimental Solid-State Condensed Matter Physics · Emphasis in Crystallography and Electron Microscopy
Arizona State University · GPA 3.63 · magna cum laude

Bachelor of Science in Physics 2006

Arizona State University · GPA 3.58 · cum laude

Associate in Science (Special Requirements) & Associate in Arts 2003

Mesa Community College · GPA 3.76 · magna cum laude

05 *Certifications and Honors*

2023–2025 Technical Certifications in Python, JavaScript, HTML/CSS, Data Analytics, Computational Thinking, and Artificial Intelligence — *Certiport ITS*

2024 HTML and CSS Certification — *Certiport ITS*

2019 CTE Teaching Certification — *Arizona Department of Education*

2013 Teaching Certification — *Arizona Department of Education*

2013 Teacher of the Quarter — *ITT Technical Institute*

2006 Undergraduate Teaching Assistant of the Year — *ASU Department of Physics*

06 *Academic and Professional Associations*

2022–present Computer Science Teachers Association

2013 National Technical Honor Society — Chapter Co-Advisor · *ITT Technical Institute, Phoenix AZ*

2012–2013 Keep Students in School Committee (Academic Engagement / Student Retention) · *ITT Technical Institute, Phoenix AZ*

2009–present American Association of Physics Teachers

2006–present Sigma Pi Sigma — National Physics Honor Society

2004–2006 Society of Physics Students

07 *Publications*

2007 [*Droplet streams for serial crystallography of proteins*](#)
